

Remarks

The original claims of the international (PCT) application filed May 13, 2004, as amended by the PCT amendment filed August 31, 2005, have been further amended in this preliminary amendment to remove multiple dependencies, as well as making certain stylistic changes such as the use of the indefinite article to introduce a claim, the use of semicolons between elements, and the elimination of parenthetical reference numbers.

Respectfully submitted,
HARALD DAUR et al.
